

# Country Club Fire Place Operation

*The Fire Place main switch & remote control are located on the wall beside the fire place.*

1. Turn the Fire Place main switch ON.
2. Point the Remote Control at the Fire Place and press  button, once only.
3. The fire place will automatically start after several minutes. Please be patient.
4. When finished, ensure to turn the fire place off by pointing the Remote Control at the Fire Place and press  Button, once only.
5. Turn the Fire Place main switch OFF
6. It will take several minutes for the fire to stop burning.
7. Please wait until the fire has gone out, before leaving the area. (for safety reasons)

If you have any questions or would like a demonstration, please contact the Resort Office.
